 South Africa

**Att: Sealde Godschafk**

REFERENCE Lffier FOR THE COMPLETION OF EXTERNAL LANDFILL AUDIT FOR THE THOHoyANDOU LANDFILL SITE.

1. The reference fetter for Environmental & Sustainability Solutions CC for the External landfill site audit with the determination of remaining air space has a reference.
2. The Thulamela Local Municipality hereby confirms that Environmental and Sustainability Solutions (ESS) was appointed twice during the fast few years to conduct landfill compliance audits with determination of remaining airspace:
  - 2.1 In 2021/22, to conduct the compliance audit as well as the assessment of the remaining airspace and lifespan for the Thohoyandou landfill controlled by the municipality - the value of this contract was R 11 3 482.00.
  - 2.2 In 2022/23, to conduct the compliance audit (biennially) as well as the assessment of the remaining airspace and lifespan for the Thohoyandou landfill controlled by the municipality - the value of this contract was R 229 965.50.
3. ESS conducted the work in a professional manner, in accordance with the specifications and within the agreed timefines.
4. Hoping that you will find the above matters in order.
